2024-25

# Climate action plan

As a Trust, we recognise our responsibility to ensure that our children and staff understand the current climate crisis and how our actions leave environmental footprints. With this knowledge, we continually seek to reduce our environmental impact by developing sustainable approaches to our daily operations and enabling our children and staff to see themselves as agents of change.

Through our Trust Eco Council, alongside the integrated work of the Trust Operations team, we work together towards our sustainability goals. Our climate action plan is one that we discuss, devise and work on together. Our five agreed strategic drivers (Use less, Build Knowledge, Buy Smart, Be agents of change and Recognise Success) enable us to deliver our stated actions. Inspired by the United Nations approach to climate action for children, we use the eight superheroes to provide a framework to guide our thoughts. Individual school goals are added as appropriate.

Goal Area	Sustainability hero and ongoing pledges	Agreed Actions for 2024/25	Steps	Timeline for the action or expected completion date	Resources
<b>Reducing energy consumption (Decarbonisation)</b>	<b>Energy Expert</b> We pledge to reduce our energy consumption for the school using our smart	Continue to progress development of zoned smart metering to reduce energy usage.	Review of ClearVue data on a regular basis to ascertain where any new or unexpected 'peaks' in energy use are evident	Ongoing  Review of data to be	ClearVue (and related costing)  Operational staff to facilitate investigation and subsequent actions
